Cigna envoy app

When first registering only the name of the lead worker must be used, and only the main employee can contact us to request a reset password. You cannot register with a spouse or partner's name, but if, upon successful registering, the principal employee gives you permission, any claims the insured family members may be submitted using our online tool. For a more detailed registration process, please click here. For a more detailed guide to help you navigate your way around the Utusan Mobile App, please click here. If you have any problems when signing up or if you have any questions about your coverage with Cigna, please do not hesitate to contact our Customer Service Team at +44 (0)1475 551404, or by email Envoy.Support@Cigna.com

Photo functionality in the application for document upload does not work with the iPhone XR. Need to select a photo from a file. Make sure you've taken the photo because if you swipe to the camera (or any other application) to take photos to upload from a file, your Cigna log app comes out almost immediately, pile all the data entered in your claim, but then keep the claim blank now as pending. Cant seem to upload more than one document. The second document (and I tried various different formats and documents) could not be uploaded. There seems to be no way to include the amount of ckaim- I guess they got that from document uploads- but my bill was in HKG dollars, and I chosel wanted a repayment in US dollars. I wonder how that will work.

The @ myCigna 1The app is available to any current Cigna customer who has been granted users access to myCigna.com. (Users must be 13 years of age or older to register) 2You must be a Cigna customer and your plan/employer must offer the Cigna Wellbeing program to access the Cigna Wellbeing app (if you are unsure, please contact Cigna's customer service centre at the number on your identity card). Telehealth services may not be available in all areas and video chats may not be available with all suppliers or through your specific mobile device. For more information about your specific medical plan, contact your employer. The Utusan Cigna 3 app is only available to Cigna Global Health Benefits customers. For complete terms and conditions, www.CignaEnvoy.com.
